

Items Required

A4 Card

Eazi-box Board

5mm Ball Tool

Scissors

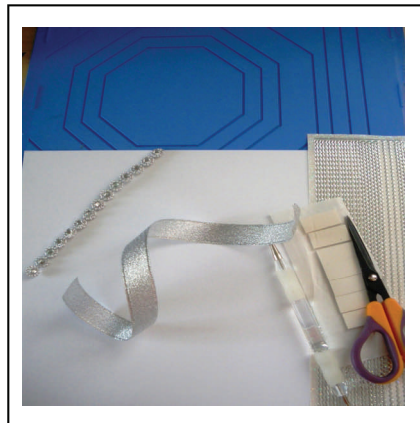

Double sided pads

Embellishments of
your choice

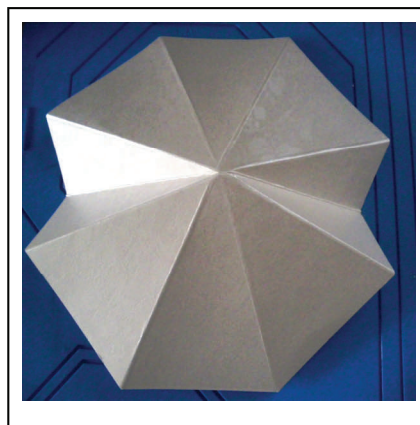

HOW TO...

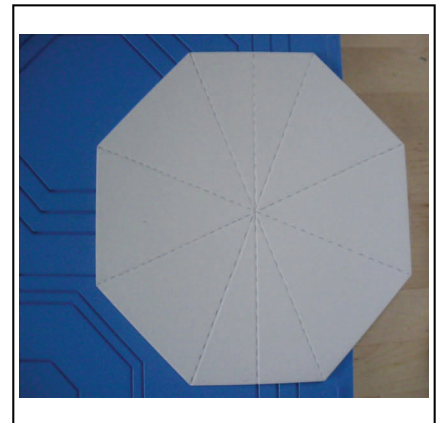

make a
**3 dimensional
Ball Gown**
Just right for any
young lady

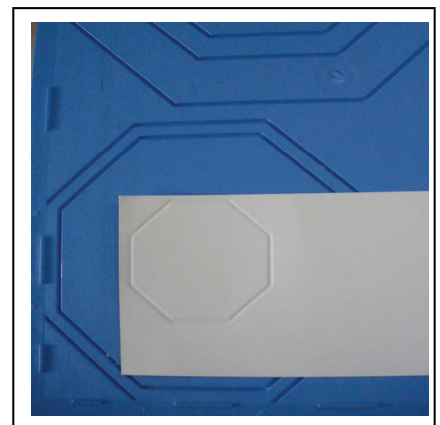

SKIRT - Place A4 card onto largest Octagon emboss and cut out. Move Octagon Shape over to straight lines at the side of the board.

Gently mountain fold all of the lines that were scored from point to point. Valley fold the line that was scored in-between the triangle sections.

Score diagonally from point to point. Making triangle shapes. Finally score once more centrally between two of the triangles.

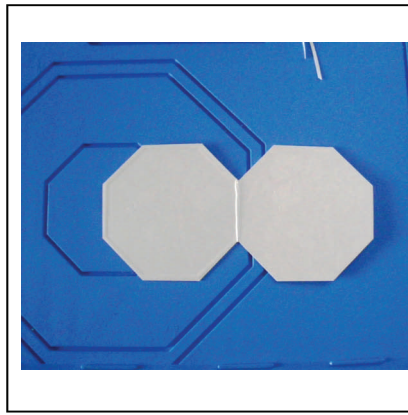

BODICE- emboss the smallest Octagon from the bottom of the Eazi-box board. Fold at outer edge so you can cut two small Octagons together

HOW

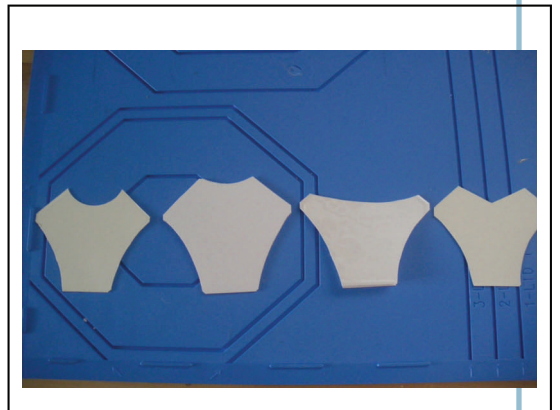

Cut two small Octagons. Fold together shape the waist line and neck line.

Trim waistline and neckline. Try a V neck or scooped neck

Place 3d pads on top and lower Section of the bodice. (where it will attach to the skirt section.) I have only shown the lower section with pads on the picture.

Try different neckline shapes on your bodice.

Decorate with your chosen embellishments
